

Greetings ChamberView Booth Hosts!

Shopping season is upon us and the Chamber would like to help encourage our members to LOOK LOCAL for their holiday needs. Cyber Monday is a marketing tool to lure shoppers online after Black Friday, and attracts consumers with huge discounts that typically aren't available the rest of the year. On November 29 thousands of area residents will be logging on to find great online deals. Let's give them a reason to add ChamberView to their shopping list!

Your Part: Load your ad fliers, menus, specials and coupons into your ChamberView booth and send us a note that you did.

Our Part: We'll promote ChamberView as a one-stop shop for local holiday fare on Cyber Monday. We'll also let members know about your deals through our social networks.

The Payoff: Dollars in your till and increased awareness of our business community's online showcase!

Remember, help to load your booth is available [online](#) or by reaching out to our team at ChamberView@fmchamber.com or 218.233.1100.
